OpenAIRE: call for experts Zenodo

Help us curate covid-19 related research!

We're looking for experts with domain-specific knowledge (researchers and data scientists, and librarians in the fields of life sciences, health, social sciences, environment, legal and ethics experts, ...).

We are looking for experts who can contribute to one (or both) of the following activities.

> Curate the Coronavirus Disease Research Community - COVID-19 on Zenodo.

>>> help us assess whether the material is relevant and can be added to the Community

> Help us to moderate the OpenAIRE COVID-19 Gateway.

>> help us improve the algorithm by moderating and curating the community data for text and data mining, user links and statistics, and by directing us to relevant data sources related to your field.

If you are interested, please fill in the form below. We will provide more details about the task description and expected effort in dedicated community calls.

We will not use the information you provide for anything else than for contacting you about this specific call.
